

## AN OHIO WOMAN

Tells How Dr. Williams' Pink Pills Built Up Her Health.

She Was Weak and Had a Severe Stomach Trouble but is Now Strong and Well.

If you need strength, if your blood is thin, your digestion disordered, if will pay you to investigate the merits of Dr. Williams' Pink Pills, the remedy that has transformed so many weak, anemic, dyspeptic, ambitious people into strong, healthy, hungry men and women.

Every suffering woman will be benefited by reading the story of Mrs. Amalie Herold, of No. 1424 Wheeling avenue, Zanesville, Ohio. She says: "For fifteen years I was a great sufferer from weakness which followed a severe sickness after the birth of my children. I was completely run down and my strength was nearly gone. My stomach was sour all of the time and I had to be careful what I ate. After eating my stomach would bloat and I would be miserable. I had a continuous dull pain through my back, lost all ambition and was not able to do any housework. I was occasionally confined to bed for a day or two. I was as pale as death and every one thought I was going to die."

"The doctors said that I was suffering from weakness and a bad stomach and although I was continually under their care I received only temporary relief. I read about Dr. Williams' Pink Pills in a paper and began taking them at once. The pains through my back stopped and I soon felt better. My appetite came back and I grew strong and well. Dr. Williams' Pink Pills did wonders for me and I gladly recommend them."

Dr. Williams' Pink Pills contain the elements necessary to make new blood and, as the nerves get their nourishment from the blood, have been found invaluable in a wide range of diseases of the blood and nerves, such as anemia, rheumatism, after-effects of the grip and fevers, neuralgia, nervous debility, and even St. Vitus' dance and locomotor ataxia.

Dr. Williams' Pink Pills are on sale at all druggists, or they will be sent to any address by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y. Write today for the new edition of our free booklet, "Plain Talks to Women." A postal card request will bring it.

## WHY LORIMER WAS NAMED

Hines Says That President Taft and Senator Aldrich Advocated Senator's Candidacy—Prosecution for Perjury Likely.

Washington, June 30.—Intimation that prosecution of certain witnesses for perjury would grow out of the Senate investigation of the election of Senator Lorimer was forthcoming yesterday during the examination of Edward Hines, the Chicago millionaire lumber man, whose name is connected with the alleged \$100,000 fund collected to elect Mr. Lorimer. Mr. Hines flatly contradicted many statements of previous witnesses and the situation arouses Senator Kenyon of Iowa.

"Now there ought to be some prosecutions for perjury right here," he exclaimed. He did not indicate whom he would have indicted, but his remark created a profound impression.

All day Mr. Hines was on the stand and his examination was not concluded when the committee adjourned until today. His first testimony that attracted deep interest was his detailed account of how he said President Taft, former Senator Aldrich and Senator Penrose had him exert his influence to have Mr. Lorimer elected to the Senate.

At the afternoon session, Senators Gamble, Kenyon and Jones piled the witness with questions designed to show that he knew nothing directly of President Taft's attitude on the matter. The witness declared that at first he understood the administration was merely anxious for a Republican to be elected, but later it became convinced from some source that Mr. Lorimer was the only one the factions could unite upon and hence it favored him.

"You didn't understand that President Taft and Senator Aldrich wanted to have Mr. Lorimer elected by Democratic votes, did you?" inquired Senator Gamble.  
"I don't know, replied the witness, 'that question was not discussed.'"  
"Did you think your message to Springfield that President Taft and Senators Aldrich and Penrose wanted Lorimer elected would influence Democratic votes?" inquired Senator Jones.  
"No, I thought it was to influence Governor Deneen."

Mr. Hines denied in its entirety the testimony of Clarence S. Funk, general manager of the International Harvester company, regarding the conversation the two men had at the Union League club in Chicago that Mr. Hines asked him for a \$100,000 contribution to a \$100,000 Lorimer campaign fund. He denied also having telephoned from Mr. Cook's room in a Chicago hotel in 1909, that he would be down to Springfield on the next train with all the money needed in the Lorimer election.

During the day Mr. Hines put into the record copies of all the telegrams which had been sent to him by Senator Lorimer since the latter's election and he told the committee that all his personal checks and those of the companies with which he was connected were open to its inspection.

It was announced at the White House last night that the president would not discuss Mr. Hines' reiterated statement that the chief executive expressed any preference for Mr. Lorimer for senator. At the time Mr. Hines made this declaration to the investigating committee of the Illinois Senate it was said that the president had merely expressed the hope that the deadlock in Illinois would be broken.

## AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and in a short time I had gained my average weight and am now strong and well."

"I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life."

"My doctor knows what helped me and does not say one word against it." —Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

## MADISON DEFENDS ROOSEVELT'S FAME

Refuses to Allow the Sugar Trust Receiver to Attack Former President.

Washington, June 30.—An attack on former President Roosevelt on the ground that he had not prosecuted the so-called sugar trust, made before the House sugar committee yesterday by George H. Earle of Philadelphia, aroused a vigorous defense of Mr. Roosevelt by Representative Madison of Kansas, who said the former president relied on Attorney General Bonaparte for advice and there was no evidence before the committee to show that he had acted from improper motives.

Mr. Madison insisted upon reading Mr. Bonaparte's decision in the sugar trust case, upon which he declared Mr. Roosevelt had to lean.

"You gentlemen will never prosecute anybody if you try to find excuses for officers who neglect their duty," said Mr. Earle.

"I am not attempting to excuse Mr. Bonaparte," said Mr. Madison. "The president of the United States relied on his law officer for advice and there is no evidence before this committee that the president acted from improper motives. I don't agree with the opinion of the attorney-general. I am one of those people of Kansas who still believe in the integrity of Mr. Roosevelt."

"I offered to debate this matter with Mr. Roosevelt in New York," went on Mr. Earle. "He did not accept my challenge and neglected an opportunity to overwhelm me. Do you think the people of Kansas will say that the president did his full duty in neglecting this case?"

## FITZGERALD KNOCKED OUT.

Langford Merely Toyed With His Adversary for Four Rounds.

New York, June 30.—Sam Langford, the Boston negro heavyweight, knocked out Jack Fitzgerald, a Philadelphia "white hope" in the fifth round of a scheduled 10 round bout at the National Sporting club here last night.

After the first round it became a question of how long Fitzgerald would last. Langford merely toyed with his adversary until the fifth round when a right swing put Fitzgerald down for the count of nine and on arising a left hook to the jaw knocked him out.

## NO DELAY ON RECIPROCITY

Earlier Vote on Bill Than Had Been Expected

## ARE INDICATIONS NOW

To Pass with a "Whoop"—Senator Cummins Continues His Speech Against the Measure—More to Come.

Washington, June 30.—Some signs of an earlier vote on reciprocity than had been expected were visible in Senate circles yesterday. The belief is becoming stronger than the insurgent senators, who are bent on a long discussion of the bill for the purpose of forcing amendments, will not be able to drag the debate along many weeks. This belief was expressed by certain senators to the president, and it was the trend of talk about the state. However, opinions still differ widely as to when the pending measure can be brought to the test.

Senator Brown of Nebraska, who called on the president early and talked reciprocity, made the prediction that a vote would be had on the bill in three weeks. He said its opponents were finding it hard work talking, and as there was nothing else before the Senate, the discussion was likely soon to wear itself out.

Senator Stone saw nothing definite as to the end of the reciprocity discussion. Neither did Senator Rayner. Senator Bacon thought the discussion would end sooner than generally expected. All three were callers on the president.

It is now generally conceded about the Senate that the reciprocity bill will pass with a "whoop," when the test comes. Moreover, the effort to thrust the free list bill and the wool bill ahead of it will fail.

But the Senate Democrats say there is a fight ahead on the wool bill and the free list bill; that votes must be had on these measures. They are dubious, however, about being able to co-operate with the insurgents on passing these.

No Democratic conference on tariff is likely at this time. The position of each Democratic senator is so well understood that a conference is not needed. Senator Bacon expressed this view, and it is the feeling on the Democratic side generally.

## TO GET LUMBER DEFENDANTS.

Federal Government Begins Action to Secure Their Presence in Chicago.

Chicago, June 30.—Preparations are under way by the government to begin removal proceedings against the fourteen men indicted by a recent special federal grand jury, because as secretaries of lumber dealers' associations, they are alleged to have conspired to interfere with interstate trade in lumber. The men were indicted last week, but until Wednesday no steps were taken to begin the removal suits. The defendants live in a dozen different Federal districts and proceedings must be brought against each one individually.

## CUMMINS CONTINUES ATTACK.

Opposes Form of Reciprocity Arrangement.

Washington, June 30.—Senator Cummins continued his argument against the Canadian reciprocity bill in the Senate yesterday but did not conclude.

He attacked the measure from the standpoint not only of its alleged injustice and political expediency, but on the ground that it was not properly drawn as a tariff law.

Senator Cummins declared the passage of the bill would be followed by a storm of disapproval against which the Republican party could not stand.

## WIRE TRUST INDICTED

Charged With Restraint of Trade Under Sherman Law.

## MORGAN'S SON-IN-LAW ONE

Same Instances Affiliated With the Steel Trust—"A Trade Agreement in Restraint of Trade."

New York, June 30.—Nine indictments charging restraint of trade in violation of the Sherman anti-trust law were returned by a federal grand jury here yesterday against as many associations and a long list of individuals comprising the so-called wire trust.

Prominent among the defendants are Herbert L. Satterlee, son-in-law of J. Pierpont Morgan and William P. Palmer, president of the American Steel & Wire company, a subsidiary of the United States Steel corporation and Frank J. Gould, president of the Old Dominion Iron & Nail Works company.

"What this suit charges," said District Attorney Wise, "is a trade agreement in restraint of trade. The government does not seek to establish a physical or fiscal merger to the property or interests indicted, but a series of pools to maintain prices and appropriation territory, in elimination of competition, and so in violation of the Sherman act."

Thus the suit appears as a further earnest of the government's determination to deal rigorously with restrictive trade agreements as well as with more closely knit corporate mergers.

There is no indication, however, that evidence gathered by the bureau of corporations in its investigation of the steel corporation played any part of the indictments. Only two of the indicted associations contain subsidiary companies of the giant corporation—the American Steel & Wire company, and the Trenton Iron company.

## FROWN UPON THEM.

Federal Officers Disapprove Correspondence Schools of Aviation.

Detroit, Mich., June 30.—That "aviation schools" which furnish would-be fliers with detailed "correspondence courses" have fallen under the ban of the United States government, was disclosed here Wednesday night, when E. Maynard Harrison was taken into custody by Special Agent Samsberg, for Charles F. DeWoody, chief of the investigation bureau of the department of justice in Chicago. Harrison was taken to Chicago yesterday for arraignment.

According to the government agent, Harrison has operated his "school" in several cities. It is charged that Harrison posed as a lieutenant in the United States army and that he promised every student a place on the government flying squad in the war department if he became proficient in the art of flying.

Lowell, Mass., June 30.—Victor LeFebvre, 41 years of age, committed

suicide by drowning in the Northern canal early yesterday morning. He could not sleep during the night because of a headache, and at daybreak he plunged into the canal.

LeFebvre leaves a wife, two sons and three daughters.

## CONVICT MAN; WOMAN NOW HELD FOR CRIME.

Accused of Murder for Which Another Was Found Guilty by the Jury.

Philadelphia, June 30.—Accused of killing Emil Amann at Warren, Pa., on Jan. 27 last, Mrs. Stella Hodge, 35 years old, of that place is being held at police headquarters here pending action by the Warren authorities.

The sensational feature of the arrest lies in the fact that John M. Andrews, formerly superintendent of the Warren Waterworks company, was only a few days ago convicted of murdering Amann despite his vigorous protestations of innocence of the crime.
